

# JUSTICE SUCCESS STORY

## Empowering differently-abled individuals to attain financial assistance from Pakistan Bait-ul-Mal

**A story of injustice towards two differently-abled individuals unfolded a few weeks ago at Shaheed Benazirabad. Mr. Manzoor Ali and Mr. Ali Mohammad were devastated after multiple visits to Pakistan Bait-ul-Mal's office even though they had complete documentation including their CNIC and disability certificates. However, they still faced disappointments and delays along with more visits which was not only a waste of time for them but a waste of money and effort too, considering their condition.**

They required financial assistance of PKR 20,000 each but they were unable to receive this amount. Mr. Manzoor and Mr. Ali heard about Legal Aid Society's office at Shaheed Benazirabad and paid a visit to discuss their matter with little hope that they had left after facing difficulties.

Legal Aid Society's field team facilitated both of them with their concern and took this forward. An online complaint was filed at the Federal Ombudsman online portal. The Federal Ombudsperson office took notice of this matter and instantly forwarded directions to Bait-ul-Mal office at Shaheed Benazirabad.

Once all the necessary requirements were met and fulfilled, Bait-ul-Mal respectfully addressed this case and with the help of Legal Aid Society's team, Mr. Manzoor Ali and Mr. Ali Mohammad received PKR 20,000 each from Pakistan Bait-ul-Mal.

Legal Aid Society has been dedicated to empowering marginalized communities by conducting awareness sessions and offering free assistance to individuals in need. Once again, the Legal Aid Society made sure to extend access to justice for citizens of this nation.
